## DEMOCRATIC STATE TICKET.

The Democratic State convention finished its labors and nominated the following ticket:

Governor—Tom L. Johnson of Cleveland,  
Lieut. Gov.—Frank B. Niles of Toledo,  
Attorney Gen.—Frank S. Monnett of Columbus.

Treasurer—V. J. Dahl of Washington C. H.,  
Auditor—Charles A. Kloebe, of Wapakoneta.

Commissioners of Schools—J. H. Seerist, of Ottawa.

Board of Public Works—W. B. Jones of Ironton.

Supreme Judge—E. J. Dempsey, of Cincinnati.

John H. Clarke, of Cleveland, was endorsed for United States senator.

If Sir Thomas should succeed in "lifting" the cup and lugging it back to England with him, we should not lament. It is only a cheap English made article, costing about \$13.39 anyway, and we don't blame the British people for wanting to get back the cheap old thing.

The Wood county Savings bank of B. G., has offered 3.51 per cent. with a premium of \$106 for the deposits of the Wood county Treasurer. This is for the average balance, and the security offered is the best in the world. The Commissioners are entitled to credit for their decision in favor of establishing a county depository.

The old time sport who thought Flora Temple's record of 2:19 1/2 in 1859 was something that could not be beaten, must now acknowledge that things "aint what they used to be," since Lou Dillon has cut off the 19 1/2 seconds and made the mile in exactly two minutes, and earning the title of Queen of the turf with the fastest record ever trotted.

In the General Passenger Agent of the Ann Arbor railroad that company certainly has a prince of entertainers in Col. J. J. Kirby, who never seems so thoroughly at home as when surrounded by a party of people to whom he is imparting information necessary to enable them to enjoy themselves. During the Buckeye's stay at Frankfort he was constantly on the alert; ever anxious to see that the visitors were enjoying themselves. This is his usual method and it is therefore no wonder that the people are beginning to understand the beauties of the Frankfort and Crystal lake region.

Will the day ever dawn when Perryburg can boast of having water works and sewers?

There is certainly plenty of glory in being a member of the Presidents' family. An old negro has just named his twenty-seventh child in honor of Miss Alice Roosevelt.

The Democratic State Convention was strictly a Tom L. Johnson affair, Mayor Tom ruling the gathered statesmen to suit his own good will. He secured the endorsement of J. H. Clarke of Cleveland for United States Senator, and gave Zimmerman and his followers the coldest kind of a reception. There promises to be something doing this fall in Ohio politics and Mayor Tom will find himself well "done" when the votes are counted.

## STRICT RULES FOR TEACHERS.

Now comes Kansas, and in a dozen counties the order has been promulgated that school teachers may not be permitted to entertain men callers. The average school teacher is bright, cherry, intelligent and good looking. If you don't believe it, go to a school teachers' convention, and you'll feel like a burdock in a rose garden. It is natural for young men to seek beauty and brains as it is for flies to gather about honey. It is not only natural, but it is right. Courting doesn't hurt. Love doesn't unfit a woman for business. It isn't a sign of frivolity. Society is mighty selfish at times. It claims to be broad and liberally advanced, but is narrow and selfish. It will not even mind its own business. It takes a bit of a woman, and because her teeth are white and her cheeks red and there are smiles on her lips and more in her eyes, shakes its head and says: "Something wrong. That woman is too good-looking. If she teaches our children she must tell us her secrets, let us dictate her home as well as her public life, and she must stop looking so happy. Doesn't she understand that this is a serious world for women?" At least, that is the Kansas idea, and the Ohio idea isn't much better. In the schools, as in other business walks, we should ask for good morals, good wealth and intellectual fitness. We should insist that a teacher be in sympathy with her work. That is all and an inch beyond that is an insult. The moral rights of school ma'ams are no less than those of women who do not teach.

The above appeared in the Sentinel and is one of the best things that has appeared in that paper in many days. There seems to be an opinion among many people that because a woman is a teacher she has no right to enjoy the world or the life that is given her. She is criticised and condemned by hundreds of women who consider themselves the leaders of morality and the rule and guide for others to follow. We can see no reason why a young lady, (or an old one for that matter) who is engaged in that noble, thought nerve-destroying avocation of teaching, should be governed by a different set of rules than the young lady who is allowed to sit in the parlor waiting for some man to come along and take her to his home. A successful teacher generally has brains enough to become a successful wife.
